Business – Action Items

E Public Hearing - Zoning Map Amendment for Carlos Pereira from RS-15 & LO-S to RM-12-S (Residential Building, Multifamily) located at 3462 Clemmons Road - PIN number 5893-30-8703 and 5893-30-9990 – approx. +/- 8 acres - Zoning Docket C-234.

Planner Rahimzadeh provided an overview of the zoning request and site plan. He advised that the area is approximately 6.86 acres and would consist of three multi-family structures which would be 2-3 stories dependent upon topography. The building square footage is 41,835 with 78 total units. The height will not exceed 45 feet and there will be connectivity to Kinnamon Village Drive with 60' of road frontage. Sidewalks will be internal to the site. He stated during Planning Board's hearing, there was an amendment for the developer extending fencing in the rear of the property to the Lee property. Trip generation is relatively low. The current Clemmons Compass Future Land Use Plan does not promote this density but LEGACY does in this area. He advised Council that Staff and Planning Board are recommending approval and this would amend the land-use plan. Mayor Wait clarified that due to this public hearing being conducted remotely, any Council deliberation and vote will take place at the next regular Council meeting on Tuesday, May 26, 2020 as this will provide the 24 hours for written comments to be submitted and considered once the public hearing is closed. Planner Rahimzadeh advised he would compile all comments received into PDF format for Council's review including those submitted within 24 hours following the closure of the public hearing (attached hereto as Exhibit C and incorporated as part of the minutes).

Mayor Wait opened the public hearing and called for a 5-minute recess to allow everyone to get connected remotely.

There were two Proponents to speak:

- Ron Davis, Petitioner, advised Council that he provided each of them with the following documents: community meetings report, Planning Board letter and information on Landmark Developers, summary and items addressed as a result of the Planning Board meeting. He gave an overview of the surrounding area. He stated the project is approximately \$11.5 million. They are looking to revitalize that area and have support from the shopping center owner. He stated these residents will work and shop in Clemmons. He advised that this project meets or exceeds the requirements of the UDO and Community Compass. They requested a special meeting be called for action prior to May 15, 2020 as they have deadlines to meet.

-John Stiltner, Director of Development and Construction Services for Landmark Development (Property Management), provided an overview of their company. He discussed the onsite activities that would be offered to residents as there will be recreational areas indoors and outdoors. He requested Council's support of the project.

Council Member Cameron inquired about the trees. The Petitioner clarified there will be a large tree-save area and all requirements will be met regarding preservation.

There were two Opponents to speak:

-Nancy Lang, Stadium Ridge HOA President, stated that their property consists of 18 townhomes and is adjacent to the proposed project. She discussed her concerns of the location and size of the apartment complex. She stated most residents of Clemmons don't actually work in Clemmons but travel outside to Winston-Salem, Advance, etc. She stated traffic was a large concern as the residents of her neighborhood can hardly maneuver out onto Stadium Drive during school hours and the increased traffic this will generate. Their street is private. She expressed concerns over the placement of the trash dumpster. She advised they had received signatures in opposition of this project and of all those in and around the neighborhood, they did not have one person in favor.

-Adam Kearns, 6057 Stadium Drive, Clemmons, NC – He expressed his concerns regarding the project and stated that his family loves living in Clemmons and never expected having to deal with this situation. He advised he went through the signatures the Petitioner had presented at the Planning Board meeting and did not see a single name or address from anyone directly affected by this project in favor (addresses were Burlington, Winston-Salem).

Proponent Rebuttals:

Mr. Stiltner addressed the dual use of the dumpster stating it would be for trash and recycling – fully enclosed with gates and 8' tall brick fence and only available for residents. Maintenance will be on staff and the first duty of the day will be to handle the dumpster area. Mr. Davis advised that the Stadium Ridge HOA questions were answered (documentation provided). They addressed the security concern and they are extending the privacy fence. They also will be integrating security cameras for the rear of the buildings and inside the site (minimum of 12 cameras with 360 view). Mr. Davis touched on the sidewalk connectivity and the safety issues with the parents allowing their children to walk to the elementary school to address foot traffic concerns. He mentioned the redevelopment talks/plans that have been discussed in that area.

Opponent Rebuttals:

Ms. Lang stated she had not had a chance to read the answers to the HOA questions due to just having received it. She mentioned the overcrowding of the elementary school and sidewalk situation. She said they did not find one person that was in favor of this project.

Mr. Kearns thanked Council for hearing his concerns. He stated the developer placing 12 cameras on the property is not something that he would want and a 45' structure in his backyard is not something he wants to look at as a 6' fence will not cover it.

Mayor Wait closed the public hearing at 8:09 p.m. The 24-hour written comment period will begin from this point.

- F State of Emergency Declaration Ordinance 2003-07 Amendment Discussion - Manager Buffkin presented two options as amendments to the Village of Clemmons' State of Emergency Declaration Ordinance 2003-07 (which will be Ordinance 2020-01) for Council's consideration. Attorney Fus advised Council of the difference between the two versions. Both update the language to match the state statute. The main difference is who and when a SOE can be declared and the reference of time urgent situations. He also provided a summary of other municipalities' feedback on usage of time urgency language being included in their declarations. A discussion was held. Council Member Rogers suggested adding the following language: "Upon the Mayor's declaration of a State of Emergency, an emergency meeting of the Council shall automatically be called and proper notice given.". This will allow Council to review the State of Emergency and validate what the Mayor has declared or change direction. This would avoid any confusion. Council Member Cameron advised that the declaration should include language that the governing body endorses it.

Council consensus was to direct Staff to go with Option 1 adding the language suggested by Council Member Rogers at the beginning under 33.502 and add for consideration at the next Council meeting. They would like to see two versions (one with the language added and one without).

- G Council Comments – there were none.

Adjournment

Council Member Rogers moved to adjourn the meeting at 8:33 p.m. The motion was seconded by Council Member Barson and unanimously approved.

SPECIAL MEETING OF THE VILLAGE OF CLEMMONS COUNCIL May 18, 2020

The Village of Clemmons Council met electronically on Monday, May 18, 2020, at 1:30 p.m. The meeting was held at Village Hall, Clemmons, NC. Due to the ongoing COVID-19 pandemic and guidelines and recommendations provided by the Centers for Disease Control and Prevention (CDC), as well as the State and Forsyth County, social distancing measures were adhered to. The following Board members were present: Mayor Wait, Council Members Barson, Binkley, Cameron, Rogers and Wrights. The following Staff members were present: Manager Buffkin, Finance Director Stroud, Clerk Shortt and Director of Operations Gearren. Public Works Director Gunnell, Planner Rahimzadeh and Stormwater Engineer Kimbrell were available for any questions.

Mayor Wait called the meeting to order at 1:50 p.m. on Monday, May 18, 2020.

Manager Buffkin and Finance Officer Stroud provided Council a brief overview of the draft budget for fiscal year 2020-2021 (attached hereto as Exhibit A and incorporated as part of the minutes). Manager Buffkin stated that during this time, Staff is being as fiscally prudent as possible. Manager Buffkin advised that with the uncertainty caused by the pandemic, the proposed draft budget consists of very little capital outlay and projects a 10% decrease in sales tax collections and a ½% decrease in the property tax collection rate (sales tax collection and property tax collection rate decrease would result in at least \$200-250k decrease in revenues). He stated that the two main considerations from Staff are: 1) whether to proceed with the two major capital projects (Highway 158 sidewalk/Greenway project and Market Center Drive) and 2) proposed changes for the stormwater fee/structure.

Council consensus was to direct Staff to make the following changes to the draft budget or provide additional information prior to the budget presentation and public hearing:

General Fund Appropriations

Governing Board

- Remove Non-capital Equipment (\$4,000)
- Leave in Board appreciation

Administration

- Budget for Building & Landscaping Maintenance (Village Hall) but wait until later in the year to possibly proceed (\$45,000)
- Replace humidifier with current year's budgeted funds prior to the end of this fiscal year
- All travel, training and education is currently on-hold but virtual trainings could have

registration fees so will remain budgeted in the event things resume

Public Safety

- Provide information on position that Village is now solely responsible for cost per agreement

Public Works

- Budget substantially cut on capital outlay (a couple of projects have been removed prior to workshop – brine building and paving around compactor area)
- Provide additional information on what recycled items collected are cost effective (currently a 7-year contract with Waste Management – possibly renegotiate)
- Currently one vacant position which will not be filled

Streets

Council Member Rogers inquired as to why we are not using Unassigned General Fund to do roads and Powell Bill money for street repaving. Manager Buffkin advised this could impact the Market Center Drive project. Finance Officer Stroud stated Market Center Drive could possibly be done out of General Fund and the project affected would be Idols & Harper sidewalk projects. Discussion was held regarding Market Center Drive (Phases 1-3 and the critical piece that Phase 3 provides along with the current economic situation and timing to proceed).

- Market Center Drive will not be included in the budget at this time but months from now with a clearer picture from NCDOT it can be added
- Re-appropriate Powell Bill funds from sidewalk projects to street paving
- Communicate with NCDOT on requesting formal extensions for projects as they are strongly encouraging not awarding contracts at this time (Highway 158 and Market Center Drive are the only projects not on hold)

Planning & Zoning

Finance Officer Stroud Buffkin advised that the Transportation Study (Kinnamon Road Bridge Feasibility Study) which was previously budgeted for \$100,000 in 2019-2020 is budgeted for \$200,000 and this is an 80/20 match (offset by grant funds which would be \$160,000 and the Village match would be \$40,000). This has not been formally approved by the MPO and would have to go through the process again. It was determined that the initial estimate of \$100,000 would not be sufficient to complete the study. If the grant funds were not available from NCDOT, Staff would not recommend moving forward with the study.

Events & Marketing

Manager Buffkin stated due to the current situation, the Village is not looking for a lot of sponsorship money in the upcoming budget year. He advised that we are looking to do as many of our events as we possibly can.

Parks and Recreation

Council Member Cameron requested promoting Greendale Park as not many residents know it is available to them.

Stormwater Utility Fund

- Budget for a tiered fee structure and keep rate the same (Staff and SWAB's recommendation is both the tiered structure change and rate increase from \$5 to \$6 – this would affect both residential and non-residential). This will be further discussed at the budget hearing.
- There are four CIP projects for next year. There are also four that SWAB will be presenting to Council once all cost estimates are received.
- Remove the (Currently unfilled) Stormwater Technician I position from the budget

Adjournment

Council Member Rogers moved to adjourn the meeting at 4:19 p.m. The motion was seconded by Council Member Binkley and unanimously approved.

Honorable Mayor
Council Members
Village of Clemmons, North Carolina

INTRODUCTION

In accordance with the Local Government Budget and Fiscal Control Act and N.C. General Statute 159-11, the proposed Annual Budget for Fiscal Year beginning July 1, 2020 and ending June 30, 2021 is balanced and hereby submitted for your consideration.

As you read this message, you will note that even while maintaining a progressive posture relative to maintaining and creating infrastructure, providing meaningful services to citizens and providing competitive compensation for our staff, we are able to propose a budget that reflects no increase in the tax rate and a new tier system for the stormwater fee.

The annual budget process is influenced by external factors including the condition of the state, and local economies, goals and needs identified in our community by the elected body, staff and advisory boards. All these factors are considered in this budget, and armed with the knowledge that this document represents a significant amount of careful consideration and study.

On June 8, 2020 the Village Council will hold a public hearing on the fiscal year ending June 30, 2021 budget. Any person who wishes to be heard on the budget may appear at that time. This budget may be reviewed at Village Hall, and online at www.clemmons.org.

OVERVIEW

The total operating budget for the two major funds is:

	<u>Presented</u>	<u>Approved</u>
General Fund	\$6,971,525	\$ 6,971,525
Storm water Fund	<u>\$1,622,050</u>	<u>\$ 1,622,050</u>
Total Major Funds	<u>\$8,593,575</u>	<u>\$ 8,593,575</u>

GENERAL FUND

The General Fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund. The fund is established at the inception of a government and exists throughout the government's life. Expenditures are divided into functional departments in order to present a clear understanding of the costs of providing certain services. Personnel assigned to a specific functional area are paid from that department. The Village uses the following functional departments; governing board, administration, public safety, public works, streets, planning, Clemmons' events and marketing, and capital outlay. The Village provides the following services; augmented public safety (Forsyth County Sheriff), residential solid waste and recycling collection, leaf, limb and grass collection, bulk item collection (annually), street lights, greenway, lake and pier, sidewalk and street construction and maintenance.

We attempted to maintain a responsible budget with each expenditure scrutinized to assure public value for the resources expended. The table on the following graph shows expenditures by function. The current budget reflects a 14% decrease when compared to the amended FY 19-20 budget mainly due delay in the Highway 158 Sidewalk to Tanglewood and Market Center Drive due to NC Department of Transportation freezing of grant funding. The NC Department of Transportation is recommending if local governments have not bid out and started grant projects that they delay due to the uncertainty of when the grant funds would be available.

OPERATING EXPENSES

The expenses of the Village basically fall into two categories: Operating Expenses and Capital Expenses. The Operating Expenses are mainly made up of two categories: personnel related and operating/maintenance related. Both of these are necessary to perform the daily operations of the Village.

Personnel Related Operating Expenses

The employees are the Village's greatest asset as they provide the manpower for the services that all citizens enjoy. The Village currently operates with a staff of twenty-two which means all of our staff perform a variety of functions which requires both self-motivation and flexibility. The Village currently has two unfilled positions an equipment operator one position and a storm water tech position; the decision was made to not fill these positions at this time.

The employees are a critical part of the Village Operations. Our employees constantly go above and beyond the call of duty when providing services to the citizens. Their dedication to the Village and their job shows in everything they do. For this reason, it is important that we offer competitive wages and benefits so that we can recruit and retain extraordinary staff members. While we are always in competition with other nearby municipalities for those exceptional employees we seek, the booming private sector economy is fostering competition as well in an already tight job market. We continue to look for ways to hire and retain the best employees available. One way is to try to provide more opportunities for employees to advance. This is a difficult task with such a small staff. This budget is proposing a 3% increase for employees and some grade adjustments for a couple of employees.

Benefits are an important part of our overall employee package, we cannot necessarily compete with the private sector with salaries, however our benefits can. Health insurance is an ever-changing cost to a municipality. The Village always works hard to obtain the best coverage possible for the most reasonable price. The Local Government Employee Retirement System is a major benefit for the Village employees. This system is administered by the North Carolina Department of State Treasurer. Contributions to the retirement consists of an employee contribution and employer contribution as a percentage of each employees' annual salary. The employee contribution is set by State Statute and the employer contribution is set by actuarial studies. The employer contribution increased from 8.95% to 10.15%.

CAPITAL EXPENDITURES

The Village maintains and replaces equipment on an ongoing basis to continue to provide the best service possible for our citizens. The Village reviews equipment, vehicles, and facilities on an annual basis to monitor maintenance costs, downtime and possible serious issues that need to be addressed. A list of current capital expenditures can be found page 31; under capital outlay and transfers. The Village reduced the amount of capital expenditures during the current year due to revenue uncertainty and the freeze of grant funding from the NC Department of Transportation. We put limited funding to purchase or facilitate right of way

**Approved Budget and Budget Message
For the Fiscal Year Ending June 30, 2021**

dedication for our capital projects which would not be a reimbursable expenditure from grant funding and will help move the projects forward once NC Department of Transportation released the funding.

FUND BALANCE

Fund Balance is, simply explained, the amount of assets in excess of liabilities in a given fund. The North Carolina Local Government Commission (LGC) monitors the level of unreserved Fund Balance each locality maintains as a sign of their relative financial strength. The benchmark the LGC uses as a minimum is 8% of total expenditures, below which they express concern to the locality and direct action to increase the balance. The target set by the Village Council is to maintain an unassigned fund balance of \$3,000,000. Having such a balance enables us to meet our financial obligations without interruptions due to cash flow, generates investment income, eliminates the need for short-term borrowing, and provides a reserve of funds to respond to emergencies or opportunities. The Village currently has fund balance in excess of the Council’s minimum policy and has expended these funds for capital projects and capital outlay.

One appropriate use of Fund Balance is to allow the Village to fund one-time purchases or to complete capital projects without affecting the resource stream for normal operations. Further, certain revenues are restricted for use for only specific purposes, e.g., Powell Bill, Occupancy Tax, etc. Reserves resulting from receipt of these restricted funds must be accounted for separately and used only for allowable expenditures.

For fiscal year 2020-21 we propose an appropriation of \$1,142,915 of fund balance to be used as follows.

<i>Capital Outlay & capital projects</i>	\$ 241,000
<i>Street Resurfacing</i>	\$ 663,635
<i>Clemmons Events</i>	\$ 28,757
<i>Tourism Related Expenditure</i>	\$ 4,529
<i>Operating Expenditures</i>	\$ 204,994
<i>Total Fund Balance Appropriated</i>	<u>\$ 1,142,915</u>

REVENUES

For Fiscal Year 2020-21, the ad valorem tax rate is recommended to remain at \$0.115 per \$100 of valuation. This tax rate would be applied to an estimated total tax base of \$ 2,338,899,156, yielding an estimated \$2,669,555 in revenue which is 1.6% increase.

County shared revenues (sales tax and occupancy tax) decreased by 16%; state shared revenues (utilities sales tax, beer & wine, Powell bill, and solid waste tax) decrease by 1% and ABC distribution increased by 4%. Dependency ratio provides the extent to which the Village is reliant on other governments (such as State & County) for resources. Clemmons dependency ratio is .52 compared to .37 of benchmark (other Forsyth County municipalities).

Approved Budget and Budget Message For the Fiscal Year Ending June 30, 2021

ENTERPRISE FUNDS

In addition to the General Fund covering all typical government operations the Village of Clemmons operates one enterprise fund; the Storm water Utility. This enterprise is operated as a business by having all revenues and expenditures accounted for separately and by having rates established that cover all expenditures of the enterprise. The current rate for stormwater fee is \$5.00 per equivalent residential unit per month, \$60 annually; a tier system is applied to this rate. More information can be found under the fee schedule.

The Stormwater budget supports the Clemmons Storm water Management Program. The two major program components include: 1) the Environmental Protection Agency's (EPA) Phase II Water Quality Act and, 2) Clemmons' Storm water Quantity Ordinance.

Budgeted activities support the Phase II water quality requirements including staff and public education, public participation, illicit discharge detection and elimination, construction runoff controls, post construction runoff controls, and maintenance operations. Additional activities support Clemmons' Storm water Quantity Ordinance. Staff and operating expenditures remain mainly the same. The major capital improvement projects for FY 2020/21 are Mendelssohn, Greenbrook, Breckinridge, and Glengariff. Quantity capital improvements are prioritized by the Storm water Advisory Board and approved by the Village Council on an annual basis. Capital outlay includes the completion of the truck wash and roof repairs for stormwater building.

CONCLUSION

We believe that the revenue and expenditure statements contained within this budget are fair and reasonable. They are conservative without sacrificing the level of service that we are presently providing or hindering improvements that are needed. The proposed budget, as presented, is financially sound and demonstrates a genuine effort to be as efficient and cost-conscious as is both prudent and possible.

We are currently in an unprecedented economic time; the effect of the pandemic on our local and state economy is largely unknown. This makes it more important than ever to concentrate our budgeting efforts on provision of current services, maintenance of Village-owned property and infrastructure while attempting to keep rates and fees reasonable. The budget being presented for your consideration allows us to continue to provide exceptional service to our citizens by employing well trained and highly motivated staff while funding necessary improvements and additions to our infrastructure. This budget reflects our commitment to maintaining and improving this community and positioning it to be financially sound in the future. I believe it to be worthy of your consideration and approval.

Respectfully submitted,

W. Scott Buffkin

WHEREAS, NCGS 166A-19.22 authorizes the declaration of a local state of emergency for any emergency as defined in G.S. 166A-19.3(6), and G.S. 166A-19.31 empowers the governing body of municipalities to enact ordinances to permit the imposition of certain prohibitions and restrictions during a state of emergency;

WHEREAS, the governing body may delegate to the mayor the authority for such declaration and also to impose those prescribed and authorized prohibitions and restrictions appropriate at a particular time;

WHEREAS, the Clemmons Council deems it necessary, for planning purposes, to adopt the authorized prohibitions and restrictions as set forth per G.S. 166A-19.31 and further enumerated below and to activate such portions, or all, of the prohibitions and restrictions as deemed necessary by the mayor, or the governing body, in order to react and more effectively protect the community's health, safety, and welfare needs of the people within the Village;

 - d. Controlling ingress and egress of an emergency area, and the movement of persons within that area.
 - e. Providing for the closure, within the emergency area, of streets, roads, highways, bridges, public vehicular areas, or other areas ordinarily used for vehicular travel, except to the movement of emergency responders and other persons necessary for recovery from the emergency.

- (5) Upon other activities or conditions, the control of which may be reasonably necessary to maintain order and protect lives or property during the State of Emergency.

Upon the Mayor's declaration of a State of Emergency, an emergency meeting of the Council shall automatically be called and proper notice given.
