Council Member Wrights commented that he is a stickler for following the land use plan which was recently updated and approved within the last year. Council Member Barson agreed with Council Member Wrights in regards to the 3-story aspect of the building design and the land use. Council Members Binkley, Cameron and Rogers also expressed their concerns about the request being inconsistent with the land use plan. 2. **Duties, Term and Compensation.** The Contractor's duties shall be as the parties deem necessary. The term of this Agreement shall be through June 30, 2020, unless terminated pursuant to Section 7 below. The parties shall use their best efforts to execute any renewal of this Agreement approximately one month in advance of the expiration of its term. Absent further express agreement, Contractor shall be compensated based on the hourly rates identified in its Proposal for Provision of Contract Legal Services as Village Attorney dated March 18, 2019 (the "Proposal"), which are set forth on Exhibit "A" hereto.

10. **Insurance.** The Contractor will carry liability insurance (including malpractice insurance, if warranted) relative to any service that it performs for the Village of Clemmons.

11. **Choice of Law.** The laws of the state of North Carolina shall govern the validity of this Agreement, the construction of its terms and the interpretation of the rights and duties of the parties hereto.

12. **Headings.** Section headings are not to be considered a part of this Agreement and are not intended to be a full and accurate description of the contents hereof.

13. **Waiver.** Waiver by one party hereto of breach of any provision of this Agreement by the other shall not operate or be construed as a continuing waiver.

14. **Assignment.** The Contractor shall not assign any of its rights under this Agreement, but in accordance with paragraphs 4 and 5 herein above, shall be able to delegate the performance of any duties hereunder within its firm, at such times as the Contractor deems it necessary.

15. **Modification or Amendment.** No amendment, change or modification of this Agreement shall be valid unless in writing signed by the parties hereto.

16. **Entire Understanding.** This document and any exhibit attached constitute the entire understanding and agreement of the parties, and any and all prior agreements, understandings, and representations are hereby terminated and canceled in their entirety and are of no further force and effect.

17. **Unenforceability of Provisions.** If any provision of this Agreement, or any portion thereof, is held to be invalid and unenforceable, then the remainder of this Agreement shall nevertheless remain in full force and effect.

18. **Additional Terms.** The additional terms on Exhibit "B" attached hereto are incorporated herein.

IN WITNESS WHEREOF the undersigned have executed this Agreement as of the day and year first written above. The parties hereto agree that facsimile signatures shall be as effective as if originals.

STATEMENT OF ZONING CONSISTENCY WITH ADOPTED PLANS

Per G.S. §160A-383 Purposes in view.

Zoning regulations shall be made in accordance with a comprehensive plan. Prior to adopting or rejecting any zoning amendment, the governing board shall adopt one of the following statements which shall not be subject to judicial review:

- (1) A statement approving the zoning amendment and describing its consistency with an adopted comprehensive plan and explaining why the action taken is reasonable and in the public interest.
- (2) A statement rejecting the zoning amendment and describing its inconsistency with an adopted comprehensive plan and explaining why the action taken is reasonable and in the public interest
- (3) A statement approving the zoning amendment and containing at least all of the following
 - a. A declaration that the approval is also deemed an amendment to the comprehensive plan. The governing board shall not require any additional request or application for amendment to the comprehensive plan
 - b. An explanation of the change in conditions the governing board took into account in amending the zoning ordinance to meet the development needs of the community.
 - c. Why the action was reasonable and in the public interest.

Following are three statements for Village Council to consider. Any of the statements may be used, partially or in its entirety, by Village Council.

CONSISTENCY STATEMENT

The Clemmons Village Council finds the action to amend the Village's Official Zoning Map regarding portions of tax parcel 5893-30-8703 and 5893-30-9990 from LO-S (Limited Office – Special) and RS-15 (Residential Single Family) to RM-12-S (Residential Multifamily – Special) to be consistent with the Village of Clemmons Community Compass (2040). The Clemmons Community Compass (2040) calls for Village-Scale Office and Retail use on the parcels of interest. The Village's RM-12-S zone will serve to accent the low intensity office and retail uses under Village-Scale Office and Retail.

INCONSISTENCY STATEMENT

The Clemmons Village Council finds the action to amend the Village's Official Zoning Map regarding portions of tax parcels 5893-30-8703 and 5893-30-9990 from LO-S (Limited Office – Special) and RS-15 (Residential Single Family) to RM-12-S (Residential Multifamily – Special) to be inconsistent with the Village of Clemmons Community Compass (2040). The Clemmons Community Compass (2040) calls for Village-Scale Office and Retail use on the parcels of interest. The Village's RM-12-S zone does not meet Village-Scale Office and Retail as the use is not a commercial use and the proposed development is too high of a density for a village scale development. The current zone of RS-15 and LO-S conform closer to Village-Scale Office and Retail and will assist the parcels of interest reach its intended goal of development in step with Village-Scale Office and Retail.

ZONING AMENDMENT STATEMENT

The Clemmons Village Council finds the action to amend the Village's Zoning Map regarding portions of tax parcels 5893-30-8703 and 5893-30-9990 from LO-S (Limited Office – Special) and RS-15 (Residential Single Family) to RM-12-S (Residential Multifamily – Special) to be inconsistent with the Village of Clemmons Community Compass (2040); however, given the changes to conditions such as the development needs of the community for more multi-family inside city limits, the Village's RM-12-S zone will assist the portions of land of interest achieve the public interest and shall be deemed reasonable by moving closer to the Compass's goal of creating a wide range of housing opportunities. The aforementioned map amendment shall amend the Village of Clemmons Community Compass (2040) from Village-Scale Office and Retail to Multi-Family Residential.

INTRODUCTION

In accordance with the Local Government Budget and Fiscal Control Act and N.C. General Statute 159-11, the proposed Annual Budget for Fiscal Year beginning July 1, 2020 and ending June 30, 2021 is balanced and hereby submitted for your consideration.

As you read this message, you will note that even while maintaining a progressive posture relative to maintaining and creating infrastructure, providing meaningful services to citizens and providing competitive compensation for our staff, we are able to propose a budget that reflects no increase in the tax rate and a new tier system for the stormwater fee.

The annual budget process is influenced by external factors including the condition of the state, and local economies, goals and needs identified in our community by the elected body, staff and advisory boards. All these factors are considered in this budget, and armed with the knowledge that this document represents a significant amount of careful consideration and study.

On June 8, 2020 the Village Council will hold a public hearing on the fiscal year ending June 30, 2021 budget. Any person who wishes to be heard on the budget may appear at that time. This budget may be reviewed at Village Hall, and online at www.clemmons.org.

GENERAL FUND

The General Fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund. The fund is established at the inception of a government and exists throughout the government's life. Expenditures are divided into functional departments in order to present a clear understanding of the costs of providing certain services. Personnel assigned to a specific functional area are paid from that department. The Village uses the following functional departments; governing board, administration, public safety, public works, streets, planning, Clemmons' events and marketing, and capital outlay. The Village provides the following services; augmented public safety (Forsyth County Sheriff), residential solid waste and recycling collection, leaf, limb and grass collection, bulk item collection (annually), street lights, greenway, lake and pier, sidewalk and street construction and maintenance.

We attempted to maintain a responsible budget with each expenditure scrutinized to assure public value for the resources expended. The table on the following graph shows expenditures by function. The current budget reflects a 10% decrease when compared to the amended FY 19-20 budget mainly due delay in the Highway 158 Sidewalk to Tanglewood and Market Center Drive due to NC Department of Transportation freezing of grant funding. The NC Department of Transportation is recommending if local governments have not bid out and started grant projects that they delay due to the uncertainty of when the grant funds would be available. This was offset by increase in street paving.

OPERATING EXPENSES

The expenses of the Village basically fall into two categories: Operating Expenses and Capital Expenses. The Operating Expenses are mainly made up of two categories: personnel related and operating/maintenance related. Both of these are necessary to perform the daily operations of the Village.

Personnel Related Operating Expenses

The employees are the Village's greatest asset as they provide the manpower for the services that all citizens enjoy. The Village currently operates with a staff of twenty-two which means all of our staff perform a variety of functions which requires both self-motivation and flexibility. The Village currently has two unfilled positions an equipment operator one position and a storm water tech position; the decision was made to not fill these positions at this time.

The employees are a critical part of the Village Operations. Our employees constantly go above and beyond the call of duty when providing services to the citizens. Their dedication to the Village and their job shows in everything they do. For this reason, it is important that we offer competitive wages and benefits so that we can recruit and retain extraordinary staff members. While we are always in competition with other nearby municipalities for those exceptional employees we seek, the booming private sector economy is fostering competition as well in an already tight job market. We continue to look for ways to hire and retain the best employees available. One way is to try to provide more opportunities for employees to advance. This is a difficult task with such a small staff. This budget is proposing a 3% increase for employees and some grade adjustments for a couple of employees.

Benefits are an important part of our overall employee package, we cannot necessarily compete with the private sector with salaries, however our benefits can. Health insurance is an ever-changing cost to a municipality. The Village always works hard to obtain the best coverage possible for the most reasonable price. The Local Government Employee Retirement System is a major benefit for the Village employees. This system is administered by the North Carolina Department of State Treasurer. Contributions to the retirement consists of an employee contribution and employer contribution as a percentage of each employees' annual salary. The employee contribution is set by State Statute and the employer contribution is set by actuarial studies. The employer contribution increased from 8.95% to 10.15%.

CAPITAL EXPENDITURES

The Village maintains and replaces equipment on an ongoing basis to continue to provide the best service possible for our citizens. The Village reviews equipment, vehicles, and facilities on an annual basis to monitor maintenance costs, downtime and possible serious issues that need to be addressed. A list of current capital expenditures can be found page 31; under capital outlay and transfers. The Village reduced the amount of capital expenditures during the current year due to revenue uncertainty and the freeze of grant funding from the NC Department of Transportation. We put limited funding to purchase or facilitate right of way

dedication for our capital projects which would not be a reimbursable expenditure from grant funding and will help move the projects forward once NC Department of Transportation released the funding.

FUND BALANCE

Fund Balance is, simply explained, the amount of assets in excess of liabilities in a given fund. The North Carolina Local Government Commission (LGC) monitors the level of unreserved Fund Balance each locality maintains as a sign of their relative financial strength. The benchmark the LGC uses as a minimum is 8% of total expenditures, below which they express concern to the locality and direct action to increase the balance. The target set by the Village Council is to maintain an unassigned fund balance of \$3,000,000. Having such a balance enables us to meet our financial obligations without interruptions due to cash flow, generates investment income, eliminates the need for short-term borrowing, and provides a reserve of funds to respond to emergencies or opportunities. The Village currently has fund balance in excess of the Council’s minimum policy and has expended these funds for capital projects and capital outlay.

One appropriate use of Fund Balance is to allow the Village to fund one-time purchases or to complete capital projects without affecting the resource stream for normal operations. Further, certain revenues are restricted for use for only specific purposes, e.g., Powell Bill, Occupancy Tax, etc. Reserves resulting from receipt of these restricted funds must be accounted for separately and used only for allowable expenditures.

For fiscal year 2020-21 we propose an appropriation of \$1,492,915 of fund balance to be used as follows.

<i>Capital Outlay & capital projects</i>	\$ 241,000
<i>Street Resurfacing</i>	\$1,013,635
<i>Clemmons Events</i>	\$ 28,757
<i>Tourism Related Expenditure</i>	\$ 4,529
<i>Operating Expenditures</i>	\$ 204,994
<i>Total Fund Balance Appropriated</i>	<u>\$ 1,492,915</u>

REVENUES

For Fiscal Year 2020-21, the ad valorem tax rate is recommended to remain at \$0.115 per \$100 of valuation. This tax rate would be applied to an estimated total tax base of \$ 2,338,899,156, yielding an estimated \$2,669,555 in revenue which is 1.6% increase.

County shared revenues (sales tax and occupancy tax) decreased by 16%; state shared revenues (utilities sales tax, beer & wine, Powell bill, and solid waste tax) decrease by 1% and ABC distribution increased by 4%. Dependency ratio provides the extent to which the Village is reliant on other governments (such as State & County) for resources. Clemmons dependency ratio is .52 compared to .37 of benchmark (other Forsyth County municipalities).

Approved Budget and Budget Message For the Fiscal Year Ending June 30, 2021

ENTERPRISE FUNDS

In addition to the General Fund covering all typical government operations the Village of Clemmons operates one enterprise fund; the Storm water Utility. This enterprise is operated as a business by having all revenues and expenditures accounted for separately and by having rates established that cover all expenditures of the enterprise. The current rate for stormwater fee is \$5.00 per equivalent residential unit per month, \$60 annually; a tier system is applied to this rate. More information can be found under the fee schedule.

The Stormwater budget supports the Clemmons Storm water Management Program. The two major program components include: 1) the Environmental Protection Agency's (EPA) Phase II Water Quality Act and, 2) Clemmons' Storm water Quantity Ordinance.

Budgeted activities support the Phase II water quality requirements including staff and public education, public participation, illicit discharge detection and elimination, construction runoff controls, post construction runoff controls, and maintenance operations. Additional activities support Clemmons' Storm water Quantity Ordinance. Staff and operating expenditures remain mainly the same. The major capital improvement projects for FY 2020/21 are Mendelssohn, Greenbrook, Breckinridge, and Glengariff. Quantity capital improvements are prioritized by the Storm water Advisory Board and approved by the Village Council on an annual basis. Capital outlay includes the completion of the truck wash and roof repairs for stormwater building.

CONCLUSION

We believe that the revenue and expenditure statements contained within this budget are fair and reasonable. They are conservative without sacrificing the level of service that we are presently providing or hindering improvements that are needed. The proposed budget, as presented, is financially sound and demonstrates a genuine effort to be as efficient and cost-conscious as is both prudent and possible.

We are currently in an unprecedented economic time; the effect of the pandemic on our local and state economy is largely unknown. This makes it more important than ever to concentrate our budgeting efforts on provision of current services, maintenance of Village-owned property and infrastructure while attempting to keep rates and fees reasonable. The budget being presented for your consideration allows us to continue to provide exceptional service to our citizens by employing well trained and highly motivated staff while funding necessary improvements and additions to our infrastructure. This budget reflects our commitment to maintaining and improving this community and positioning it to be financially sound in the future. I believe it to be worthy of your consideration and approval.

Respectfully submitted,

W. Scott Buffkin
