

**REGULAR MEETING OF
THE VILLAGE OF CLEMMONS COUNCIL
August 28, 2023**

The Village of Clemmons Council met on Monday, August 28, 2023, at 6 p.m. The meeting was held at the Village Hall, Clemmons, North Carolina. The following members were present: Mayor Rogers, Council Members Cameron, Combest, Taylor and Wrights. Attorney Al Benschoff was also present. Council Member Barson was absent.

Call to Order & Pledge of Allegiance

Mayor Rogers called the meeting to order at 6:00 p.m. and led the Pledge of Allegiance.

Public Comments

There were no citizens in attendance. There were no individuals that spoke during public comments.

Approval of the Minutes

Council Member Taylor moved to approve the minutes of the August 14, 2023 regular meeting as presented. The motion was seconded by Council Member Cameron and unanimously approved.

Additions and/or Approval of the Agenda

Council Member Cameron moved to approve the agenda as presented. The motion was seconded by Council Member Taylor and unanimously approved.

Announcements

- A. Mayor Rogers announced that the Village of Clemmons will be closed for Labor Day on Monday, September 4, 2023 (Trash pickup will be delayed 1 day – Pickups will be Tuesday – Saturday).
- B. Mayor Rogers announced that the Village of Clemmons Council Special Meeting (Follow-up Retreat) will be held Monday, September 11, 2023 at 4:00pm at Village Hall.

Business – Action Items

- A. Culvert Replacement Bids.
 - 1. *Doublegate Drive* – Manager Gunnell advised Council this was the second time this project was sent out for bids as there were only two bidders for the first bid opening. The second bid opening was held August 24, 2023 with quotes received for Doublegate Culvert Replacement (the bid from Mountaineer Contractors, Inc. was recommended).

Company	Quote
Southeast Select Civil Construction, LLC	\$659,171.00
Mountaineer Contractors, Inc.	\$397,420.00

Council Member Cameron made a motion to accept the bid from Mountaineer Contractors, Inc. for Doublegate Culvert Replacement in the amount of \$397,420.00 as presented (attached hereto as Exhibit A and incorporated as a part of the minutes). The motion was seconded by Council Member Taylor and unanimously approved.

2. *Lismore Street* - The following quotes were received for Lismore Culvert Replacement and the bid from Fleming Land Management was recommended.

Company	Quote
North State Water and Sewer, Inc.	\$262,000.00
Fleming Land Management	\$89,085.00
Southeast Select Civil Construction, LLC	\$135,810.00
RCJ Contracting, Inc.	\$194,535.00

Council Member Taylor made a motion to accept the bid from Fleming Land Management for Lismore Culvert Replacement with a 20% contingency for a total cost of \$106,902.00 as presented (attached hereto as Exhibit B and incorporated as a part of the minutes). The motion was seconded by Council Member Cameron and unanimously approved.

- B. Statement of Work Approvals – Manager Gunnell advised Council these projects were part of the Golden LEAF Grant and this is for design services.
 1. *SOW#4 Bridle Path Culvert*

Council Member Cameron made a motion to approve the Statement of Work (SOW#4) Bridle Path Culvert from LJB, Inc. as presented (attached hereto as Exhibit C and incorporated as a part of the minutes). The motion was seconded by Council Member Taylor and unanimously approved.

2. *SOW#5 North Lakeshore Culvert*

Council Member Taylor made a motion to approve the Statement of Work (SOW#5) North Lakeshore Culvert from LJB, Inc. as presented (attached hereto as Exhibit D and incorporated as a part of the minutes). The motion was seconded by Council Member Cameron and unanimously approved.

Business – Information/Review Items for Future Action

- C. Marketing & Communications Director's Report / Events Update
 - [Clemmons Farmers Market](#) is open seasonally on Saturdays from 8:30AM to 11:30AM at the Jerry Long Family YMCA located at 1150 S Peace Haven Road. STATEMENT OF WORK #4

This Statement of Work is incorporated and governed by the On-Call Master Services Agreement #CMA 2023-003, dated January 30, 2023 between The Village of Clemmons, North Carolina and LJB Engineering PC (“LJB”).

PROJECT BACKGROUND

LJB is pleased to offer our professional engineering services to develop construction plans for Bridle Path Culvert Improvements. Preliminary hydrologic and hydraulic analyses and recommended improvements were developed by LJB in 2021. This project was submitted for Golden LEAF funding in 2023 and funding has been awarded.

SOW #4 includes the following tasks for completion of the culvert design, permitting, and preparation of construction plans:

PROPOSED SCOPE OF SERVICES

LJB will provide the following engineering services for Bridle Path Culvert Replacement:

1. Provide a scope for survey to a surveyor contracted by the Village for survey services.
2. Develop 60% design plans for review and comment by Village staff. The plans will include a plan/profile for the culvert crossing and the proposed grading and improvement plans for upstream and downstream transition and energy dissipation areas. No traffic control or erosion control plans will be included in the 60% design.
3. Submit a Pre-Construction Notification to the Corps and NCDEQ for approval, if required, based on the 60% plans, modified to address input from Village staff.
4. Develop 90% design plans, including erosion control and all details required for the construction of the culvert replacement. Submit plans to Village staff for review and comment.
5. Submit water/sewer utility plans to the City of Winston Salem, if required to obtain approval for any utility conflict resolution required.
6. Submit erosion and sediment control plan to NC DEQ regional office for securing an Erosion Control Permit, if required.
7. Develop technical specifications and an engineer’s opinion of probable cost.
8. Finalize construction plans per review comments from regulatory agencies and Village staff.
9. Assist the Village as requested in preparation of bid documents and bid tabulations. Attend a pre-bid meeting and pre-construction meeting. (Construction Observation and Administration services are not included in this scope.)

PROJECT ASSUMPTIONS/LIMITATIONS

1. All permit fees associated with any applications will be paid by the Village of Clemmons or reimbursed to LJB as a project expense with 15% added.
2. We do not expect that there will be any wetland impacts associated with this project and do not propose to have a jurisdictional determination submitted to the Corps/DEQ unless we have indications they will require it.
3. This stream is not a FEMA mapped stream, therefore we do not expect that a No-Rise, CLOMR, or LOMR submittal will be required. This scope and budget do not include submittals to NCFMP.

LJB INC. INITIALS KEW

CLIENT'S INITIALS VOC

- 4. This scope does not include construction inspection and construction administration services. If needed, a separate SOW can be prepared for that work.
- 5. We assume that this culvert replacement will be able to use standard NCDOT headwalls. If non-standard structural walls are required, additional scope and fee will be required for the structural engineering.

BUDGET

We propose to perform this work on a **Time and Expenses** basis in accordance with our billing rate schedule in effect at the time services are performed. Our current billing rate schedule is attached. Our Terms and Conditions of Service in the Master Agreement provide the details under which we will perform these services. We estimate that a budget of **\$40,000** will be appropriate for this work and we will not exceed this budget without Village approval. This proposal is valid for a period of 30 days from the date above.

AUTHORIZATION

This Statement of Work is dated and made effective as of: August 28, 2023.

STATEMENT OF WORK #5

This Statement of Work is incorporated and governed by the On-Call Master Services Agreement #CMA 2023-003, dated January 30, 2023 between The Village of Clemmons, North Carolina and LJB Engineering PC (“LJB”).

PROJECT BACKGROUND

LJB is pleased to offer our professional engineering services to develop construction plans for North Lakeshore Culvert Improvements. A report and recommendations was prepared by Clemmons staff for this project in February 2021 to add this project to the Stormwater Capital Improvement Program. This project was submitted for Golden LEAF funding in 2023 and funding has been awarded.

SOW #5 includes the following tasks for completion of the culvert design, permitting, and preparation of construction plans:

PROPOSED SCOPE OF SERVICES

LJB will provide the following engineering services for North Lakeshore Culvert Replacement:

1. Provide a scope for survey to a surveyor contracted by the Village for survey services.
2. Develop 60% design plans for review and comment by Village staff. The plans will include a plan/profile for the culvert crossing and the proposed grading and improvement plans for upstream and downstream transition and energy dissipation areas. No traffic control or erosion control plans will be included in the 60% design.
3. Submit a Pre-Construction Notification to the Corps and NCDEQ for approval, if required, based on the 60% plans, modified to address input from Village staff.
4. Develop 90% design plans, including erosion control and all details required for the construction of the culvert replacement. Submit plans to Village staff for review and comment.
5. Submit water/sewer utility plans to the City of Winston Salem, if required to obtain approval for any utility conflict resolution required.
6. Submit erosion and sediment control plan to NC DEQ regional office for securing an Erosion Control Permit, if required.
7. Develop technical specifications and an engineer’s opinion of probable cost.
8. Finalize construction plans per review comments from regulatory agencies and Village staff.
9. Assist the Village as requested in preparation of bid documents and bid tabulations. Attend a pre-bid meeting and pre-construction meeting. (Construction Observation and Administration services are not included in this scope.)

PROJECT ASSUMPTIONS/LIMITATIONS

1. All permit fees associated with any applications will be paid by the Village of Clemmons or reimbursed to LJB as a project expense with 15% added.
